

Experience CRUIKSHANK Furniture @ Release

What better place in the world to experience CRUIKSHANK Furniture than the magnificent South Island of New Zealand staying at the stunning Release Private Retreat.

Designed exclusively for the luxurious Release retreat in Wanaka, New Zealand, the large corner sofa, dining table and chairs are sleek and sophisticated whilst being in tune with the raw physical environment and understated ethos of the architecture through the use of natural materials and clear forms.

"CRUIKSHANK understood our desire to create furniture which was unique to our project and that would stand the test of time. The entire CRUIKSHANK experience was first class from design through to delivery".

Nick Frame and Nick Hay,
Release Private Retreat
Wanaka New Zealand July 2008
